

Year 1 Project homework – Muck, Mess and Mixture - Summer Term 1

Our topic this term is called ‘Muck, Mess and Mixture’ which means we will be looking at different textures and materials as well as exploring the work of different artists.

Mix two colours of paint together. What colours can you make by mixing two different colours?	Write a set of instructions about how you could tidy up a big mess!	Use a measuring jug to measure different amounts of water.	Create your own piece of artwork inspired by Carl Warner using food you have at home. Take photos of your creations.
Find some different shaped objects to use to do some printing.	Create an original piece of artwork inspired by an artist of your choice. Send us a photo to show the class to admire!	Use some interesting adjectives to describe what different colours look like. E.g firey red, bright yellow. Can you put them in a sentence?	This half term we will be celebrating science week! We will be looking at plants. Plant a seed at home and watch it grow.

Please complete THREE over the half-term and send them in as soon as they are complete.

While restrictions are in place, the best way to submit your child’s homework is to send a photo on ClassDojo. You could attach a photograph of a model, PowerPoint, Word document etc.
