Suggested activities

Maths

- Visit the website below and try some underwater counting to 5 and then up to 10. Remember to take your time and touch each object as your count to avoid mistakes!
<https://www.topmarks.co.uk/learning-to-count/underwater-counting>
- Let's compare numbers! Find 6 items around your home and with help from your parents place them into two groups – you could use food items and place them on two plates. Count how many items are in each group. Which group has **more** and which group has **less**? Repeat this with different quantities in the two groups. If you are confident to do this, try this with up to 10 items.

- Remember to practise your counting at every opportunity! Count the stairs as you walk up and down, count how many sweets in your packet, how many jumps you can do on your trampoline and count the clouds you see in the sky etc.

Creative

- Ask your parents if they have a peg you can use. With their help, create a fish who can open its mouth. Make more than one if you can and introduce a storyline. You could re-tell the story of The Rainbow Fish using your fish!

- With help from an adult, use a piece of fruit or vegetable and dip it in paint to decorate your own Rainbow Fish picture. There are some lovely rainbow songs on YouTube which show the order of the colours.

Phonics

- Odd one out! Look at the lists of words below. Say these words to your child in 3's. Which word does not begin with the same sound as the others?

- ❖ apple, ant, lollipop
- ❖ bicycle, ball, crocodile
- ❖ cup, pencil, candle
- ❖ rat, dog, dinosaur
- ❖ elephant, egg, car
- ❖ moon, fish, frog

- Look at the poster below. Can you find the following?

- ❖ Sad sun
- ❖ Silver, spotty snake
- ❖ Small sailboat
- ❖ Sneaky seagull
- ❖ Smelly sausages
- ❖ Sparkling sea

❖ Super spade
