

Swimming Data

Data correct as of July 2018

At the Avenue Primary School we place a high value on children being able to swim. Not only is swimming a key life skill, but it is an important way for the children to realise how sport can impact on their health, fitness and wellbeing.

The current Y6 cohort achieved these result in their Y5 swimming lessons.

All children who have not reached the national benchmark will go swimming again in Year 6.

Year 6 Cohort	April 2018		April 2019
Confidence in Water	92%		
5M	92%		
10M	88%
