At The Avenue Primary School, we value reading as an essential life skill that empowers children to achieve their full potential.

**We have high expectations of our children as readers and our aims are**

- to teach every child to become a fluent and confident reader
- to give children the reading skills necessary to enable their learning in all subjects
- that each child grows to enjoy reading, in order that they become lifelong readers

To help your child to achieve their full potential, we would like your support in encouraging and engaging in their reading.

## KS2 Home Reading Expectations

We ask that you **read with** your child at least **4 times** per week, ideally for **20 minutes** each time.

It is ideal to read at a time when you can both **take time to relax**, enjoy and discuss the story.

As your child progresses through KS2, it is **still** very **important** for you to **listen to and discuss** their reading. It is equally as important for them to have a regular chance to **listen to you** reading.

Children will bring reading books home from school to read with you. In KS2, these will often be free-choice novels.

Ideally, schoolbooks should also be supplemented with **additional reading material** at home.

# Why is it important that children continue to develop their enjoyment of reading in KS2?

Reading for pleasure has positive social and emotional consequences

There are positive links between reading enjoyment, reading frequency & levels of attainment

The more often, and the more widely, you read, the better you become at it!

Reading helps to develop empathy, language, vocabulary and imagination!

Independent reading is the best predictor of children's reading achievement overall.

Reading for pleasure vastly improves spelling, grammar, writing ability and general knowledge.

It improves concentration and builds new connections in the brain.

Reading is a great way to relax and/or spend time together.

**Reading to your child** can give them the opportunity to hear stories & language at a **higher level** than they may be able to read completely alone.

Research also shows that hearing texts read aloud is a significant source of **vocabulary acquisition**.

When you read with your child, they hear what **fluent, expressive** reading sounds like.

This, in turn, helps to make their own reading more fluent and expressive – which also helps to **improve their understanding** of the text.

## Reading to your child

Following along with your reading allows children the opportunity to **hear and discuss whole texts**, which helps them to develop reading **preferences** and **opinions**, as well as **improving understanding** of how texts fit together as a whole.

Reading together shows children the **value of reading**. It can also be **relaxing** and **fun** for adults and children alike.

# Ideally, what extra things can, and should, your child read at home?

Mainly a wide variety of fiction texts of different genres from a range of authors.

A range of other text-types.

For example, non-fiction texts, magazines, newspapers, e-books and poetry.

**Some** of their reading is likely to involve websites, blogs and other technology.

**Some** of your child's reading may involve re-reading favourite texts.

# Some suggestions for finding things for your child to read at home

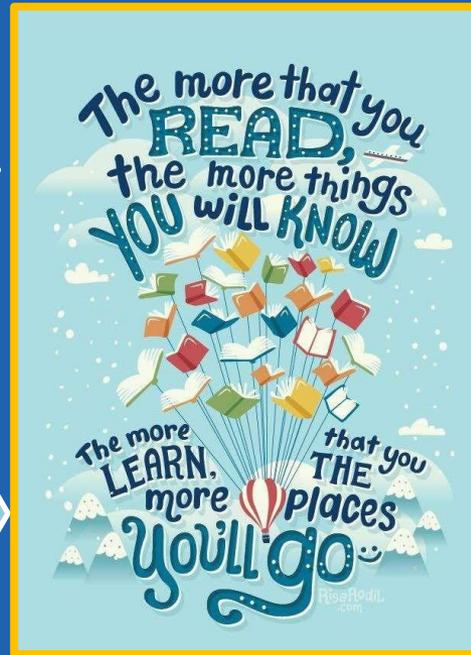

Library books and online libraries

**Suggested texts on The Avenue Reading Lists:** lists include fiction books from a range of authors and genres, including non-fiction, grouped into categories. (available for each year group on the school website)

Many **websites** give further **recommendations** for amazing, age-appropriate children's books (such as The Book Trust or Scholastic).

Some children may enjoy listening to **audiobooks**, or using a website or app to listen, like Amazon audible.

Consider a system of **swapping books** with their friends once they're finished.

**Children's newspapers**, - such as 'The Week Junior'

**Children's magazines** or **occasional comics**

### Before Reading....

Try to make reading enjoyable, in a quiet and comfortable spot.

If it is the first time your child has read the book, look at the **cover/title/blurb** together to **predict** what it might be about

Make **links** to other books with similar authors, themes, or characters.

### When your child is reading...

Encourage them to **track** the words with their finger or a ruler, if they need to.

**Help** to decode (read) the words if needed. Give **time** and **support** to make **corrections** if they make mistakes.

**Ask** about the meaning of challenging **words**.

## Reading Tips

### When you are reading...

Read **expressively**, with meaning.

**Encourage** your child to track the words.

**Ask** about the meaning of challenging words.

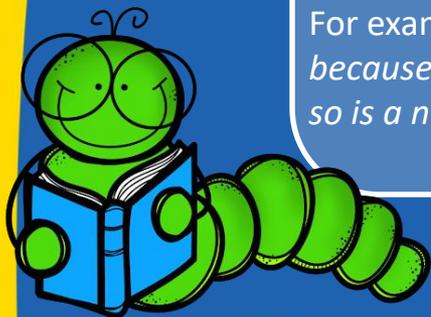

**Make explicit** any thinking you may be doing. For example - *Perhaps they are angry/sad because... This odd word starts with a capital so is a name...*

### After Reading...

**Ask** about the content of what's been read – who, what, where, when, why, how?

**Discuss** the text– what did your child enjoy/like/dislike/feel/think?

You could ask your child some **VIPERS** questions and discuss their responses (see end of slides for ideas).

# All children make mistakes...

Children **will** make mistakes when they read, even in KS2. This is how they learn. We encourage resilience in school by praising the children for recognising their mistakes and using the strategies that they know to try to fix them.

## Reading for pleasure will bring challenge...

When reading for pleasure, both with books from school and books from home, there will be times when children choose texts that they are not able to fully read or comprehend by themselves. This is to be expected as children grow as readers.

Supporting children to enjoy these texts is an important part of helping them to learn – and it is a perfect excuse to read and enjoy the book together.

*We Learn    We Grow    We Shine*

# Encouraging reluctant readers

Let children **choose** the book **they** want to read, **without** us adults placing **pressure** on them to read something else more appropriate.

**Find texts** that might **'hook'** them into reading – for example, books linked to a hobby of theirs, sports books, humorous or scary books, graphic novels or non-fiction. *Look at The Avenue's Suggested Reads Lists as a starting point.*

Perhaps they are still finding reading tricky? **Why?** What can be done to **help?**

Children naturally copy modelled behaviours. **Show** them **how enjoyable reading can be** – if you don't already, let them see you enjoying books.

Sometimes it can be a **simple matter of font** or the **look** of a page that **puts children off** reading – many publishers have created texts specifically with this in mind (e.g. Barrington Stoke's 'super-readable' books).

Keep **reading to** your child. This can **encourage a love of stories** which can lead to reading more later.

# Some of what we do in school...

The following slides explain more about how what we do in school, and the skills involved in reading, *could* be incorporated into home reading.

However, the most important thing is to help children develop an enjoyment of reading.
