

Reception Project Homework – Are We There Yet?

Autumn Term 1

Our topic this term is called ‘Are We There Yet?’ which means we will be learning all about different types of transport.

Make a 3D model of your favourite mode of transport using materials such as playdough, lego, scrap materials.	Make a picture of your family car. What colour is it? How many wheels does it have?	Ask an adult to help you write a list of all of the vehicles you can think of that move.	When you come to Reception, you walk through a door that is a rectangle shape. What shapes can you find on the front of your house?
Think about a journey you have been on. Where did you go? Who were you with? How did you get there?	Look out your window, or go outside with your adult. Count how many cars go past in 5 minutes. You could even compare the colours of them.	Sometimes we use a map to help us get to places. Design your own map to get to your favourite place.	If you were going for a long journey, you might need to take some snacks and things to do. Can you pack a bag for a long journey?

Please complete **three tasks** and bring them in as soon as you can so we can marvel at your creations and pop them on display. Feel free to take photographs too and send them in on Class Dojo. If you think of your own ideas that aren't listed above, that's great! You can also help a sibling with a project homework task. Tasks can be completed in a variety of ways - be as creative as you want!
