<p>Mathematics</p>	<p>Rote counting to 5 Sorting and categorising Colours 1:1 Counting up to 3/5 Counting out objects from a group (Up-to 3) Sorting and categorising Size – Large, small Matching Numicon to Items</p>		<p>Positional language Ordering and sequencing basic concepts Features of 2D shapes Recognising shapes in the environment Number: 1:1 counting to 10 or beyond Ordering items according to properties Beginning to represent numbers</p>		<p>Ten Town – Numbers to 5 1 more/1 less Continue simple patterns Making patterns /simple repeated patterns Finding the total of two small groups Matching numerals to quantities Recap of number</p>	
<p>Understanding the World</p>	<p>Me and My Family What makes me special? How are we all different? How have I changed since I was a baby? What are the different types of feelings? Can we have different feelings at different times? Who is important in my life and how do they make up my family? How are people's families different? Who do I live with and where do I live?</p>	<p>Colourful Autumn What are the primary colours? What happens when we mix colours together? What is the typical weather in Autumn? What are the four seasons and what changes in the weather? How do we look after ourselves in Autumn? Which animals adapt during Autumn? What familiar festivals happen in Autumn? Exploring the natural world through our senses. Using appropriate vocabulary to describe the environment.</p> <p>Materials Around Us What material do we have in our indoor and outdoor nursery environment? What vocabulary can we use to describe different materials? What are some of the similarities and differences between materials?</p>	<p>Polar Regions What weather changes happen in Winter? How do we stay warm in winter? What happens to the weather in Middlesbrough when it's Winter? Where in the world is colder than Middlesbrough during Winter? What animals live in these places? Is there always snow and ice in The Arctic and Antarctic?</p>	<p>On the Farm What animals live on the farm and where do they live? What is the farmer's role on the farm? How does the farmer look after the animals? What food comes from Farm animals? Where do ducklings come from? What is the life cycle of a duck? What are the offspring of common farm animals called?</p>	<p>In the Garden – Minibeasts How is the outside environment different to the inside environment? What are some of the features of a garden? What weather changes do gardens experience? What do these changes do to the environment? Which animals live outside? What do these animals need to thrive? What are some of the differences between these? How do they grow and change over time? What is the life cycle of a butterfly?</p>	<p>Let's Get Physical Why is it important to be healthy? What are some of the negative impacts of being unhealthy? What are some of the positive impacts of being healthy? What food and drink contributes to good health How can physical activity improve health? Why is spending time outside good for our mental and physical health? What lifestyle choices contribute to good/poor health? What are the food groups? What is the importance of taking part, good sportsmanship and competing against ourselves rather than others?</p>

		How can we help to look after our environment?
