

## Year 1 Project Homework **Splendid Skies** – Autumn Term 2

Our topic this term is called ‘Splendid Skies’ which means we will be learning all about weather. We will be looking at different types of weather in our country and in some other places.

Go on a walk and take photographs of any signs that the seasons are changing. What is happening as we move into Winter?	Have a look at the weather forecast, using the internet or the television. If it is going to rain put a container outside to collect rainwater. How much can you collect in a week?	Make a mini-book containing pictures of yourself wearing outfits suitable for each season or weather type.	Go out on a rainy day to find the biggest, widest and deepest puddle! Take a photograph of yourself next to the puddle to see how big it really is!
Create some weather artwork. You could make a seasons tree, a rainbow or something else!	Take your teddy with you on a holiday or on a day out. Write about where teddy went, what he did and what the weather was like.	We are learning about important people from history who have had an impact on the skies. Such as Amelia Earhart and The Wright Brothers. Can you find any more significant people who have had an impact in the sky?	Visit your local library to look for stories about the weather. Which is your favourite?

Please complete **three tasks** and bring them in as soon as you can so we can marvel at your creations and pop them on display. Feel free to take photographs too and send them in on Class Dojo. If you think of your own ideas that aren't listed above, that's great! You can also help a sibling with a project homework task. Tasks can be completed in a variety of ways - be as creative as you want!
