

Project Homework

Year 2 - Wriggle and Crawl - Autumn Term 1

Our topic this term is called ‘Wriggle and Crawl’ which means we will be learning all about minibeasts. We will be learning about what they look like, what they eat, where they live and their life cycles.

Go on a minibeast hunt with your family. Investigate your garden, local park or woodland to search for wriggly and crawly creatures! Take a photo or draw any minibeasts you find, then use your knowledge to identify them.	Visit your local library and find stories, poems and non-fiction books about minibeasts. Write a review of your favourite book.	Watch a minibeast film with your family e.g. A Bugs Life, Antz, The Bee Movie. Make a comic strip, write a review or make a poster for the film.	Draw or photograph a minibeast and label the different body parts.
Use the web to research weird and wonderful minibeasts. You could research the Borneo Walking Stick Insect or the Goliath Beetle. Make a poster to display the amazing facts you find.	Write a letter to Miss Muffet and explain why she should not be scared of spiders. Look for information online and in non-fiction books to support your ideas.	Make a minibeast using a range of art materials. It could be 2D or 3D, surprise us with your creations!	Create a table to collect information about minibeasts including their name, body parts, legs and wings.

Please complete **three tasks** and bring them in as soon as you can so we can marvel at your creations and pop them on display. Feel free to take photographs too and send them in on Class Dojo. If you think of your own ideas that aren't listed above, that's great! You can also help a sibling with a project homework task. Tasks can be completed in a variety of ways - be as creative as you want!
