White Rose Maths have made some fantastic short videos to support the children's Maths learning during this time.

This week I would like the children to watch and work through Summer Term - Week 1 (start at lesson 2).

This includes:

- Lesson 2: Count in fractions (We haven't done very much of this so just have a go!)
- Lesson 3: Measure Length (cm)
- Lesson 4: Measure Length (m)

I hope you find these videos helpful and enjoy having the pressure taken off you for a little while! During the video please be on hand to help your child through the questions and there will be times the videos ask you to pause to answer a question together.

Have fun and stay safe 😊
