Maths – Money

- Please complete any outstanding Maths from Sheet 5

Visit the White Rose Maths website using this link:

<https://whiterosemaths.com/homelearning/year-1/>

White Rose Maths have made some fantastic short videos to support the children's Maths learning during this time.

This week I would like the children to watch and work through Summer Term - Week 3.

This includes:

- Lesson One – Convert pounds and pence
- Lesson Two – Add money
- Lesson Three – Subtract money
- Lesson Four – Multiply and divide by 3

All lessons include a video, activity sheet and answers.

I hope you find these videos helpful and enjoy having the pressure taken off you for a little while! During the video please be on hand to help your child through the questions and there will be times the videos ask you to pause to answer a question together.

English/DT- Create your own board game

Your task this week is to design your own board game.

Research (DT):

- In order to design your board game, you need to do some research on current games that are available such as Monopoly and Snakes and Ladders.
- Think about what these games include and how they are fun for children
- You may want to design a poster displaying current board games available and showing your research

Plan your board game (English):

- Think about a theme for your board game. Will it be about dragons, under the sea or castles?
- What do the players have to do? How will they win?
- What materials do you need to have such as dice, counters, cards.

Make your board game (DT)

- Use a variety of materials and colouring pencils to create your board game.
- You may also want to think of packaging

Write a set of instructions for your board game (English)

- You can use paper or publisher on the computer to write your instructions.
- Your instructions need to explain to the players how to play your game.
- Remember to include materials, method, bullet points, time conjunctions and imperative (bossy) verbs.

Evaluate your board game (DT)

- Test if your board game is worth buying. Play your game with your household and have lots of fun.

Week 3: BFG Dream Jar Challenge

It's time for the third Roald Dahl challenge!

If you look at a map of the world, there's something you won't see. Hidden far away is a place called Giant Country, home of the Big Friendly Giant (The BFG for short). In Roald Dahl's book, The BFG visits humans and collects their dreams. He stores them in magical jars to keep them safe and is always on the lookout for more.

For this challenge, we want you to write a diary entry describing your dreams. When you wake up in the morning, sit in your bedroom and describe what happened when you were sleeping. Did you meet someone famous? Dream of your friends? Or maybe you travelled somewhere magical.

If you didn't dream, maybe you could write about your best dream ever! You could even keep a dream diary for a whole week if you want to.

Once you've finished, roll up your piece of paper and pop it in a jar for the BFG, and leave it by your bedroom window. If

you wanted to make something extra special, then have a go at decorating your jar.

You have until Friday 15 May at 12pm to send us photos of your dream jars and diary entries to be in with a chance of winning a bundle of books. Submissions should be sent to bororeads@literacytrust.org.uk and please include your name, age, and the school you attend.

Good luck and sweet dreams!
