

The Avenue Primary School

Work from home - Year 5

Suggested activities to fill your daily timetable

Reading	SPaG	Tables	Spellings
Please continue to read 4x a week. Twinkl also has lots of Y5 reading comprehension tasks to complete.	When completing writing tasks, please ensure that correct punctuation and grammar is included.	Please make sure children are still practising all tables, as well as relevant division facts. Maths activities will be set weekly in Purple Mash '2do' tab.	You can access weekly spellings from Spelling Shed as well as a range of other spelling rules.
PE	Writing	Topic Homework	ICT
Try and keep active daily. You can join in with Joe Wicks live stream PE sessions on Youtube. All videos will then be saved to his Youtube channel to complete later.	Use your purple book, which was included in your revision pack, to complete writing tasks given below. You will also have a Purple Mash writing task set in your '2do' tab.	If you could travel to any period of time, anywhere in the world, where would you go? Make a scrapbook of your chosen time period and explain what you would do while you were there.	You have now received a Purple Mash login where you are able to access a range of online learning activities. Tasks will be set weekly in your '2do' tab. There is also a wide variety of games for you to complete.

Suggested activities:

Maths

Our next area of maths to learn about would have been writing fractions as decimals. I have attached a link for a very good video, to start learning the basics of how to write a fraction as a decimal.

- <https://www.youtube.com/watch?v=Mst8iZjlpFE>

This decimal demonstrator is also quite handy, as an interactive tool.

- <http://www.ictgames.com/mobilePage/decimalDemonstrator/>

There are also lots of worksheets to be found for free online to support their new learning.

- REVISE times tables. I will be setting a Purple Mash activity next week to see how you have got on.
- As extra practice, you may want to visit these websites to have a go at writing fractions as decimals, as well as some mental maths challenges.
- https://mathsframe.co.uk/en/resources/resource/120/match_fractions_decimals_and_percentages#.UCdcd2MsCEY
- <http://www.teacherled.com/2015/04/01/compare-decimals/>
- <https://www.topmarks.co.uk/maths-games/daily10>
- Maths Shed can be accessed through your Spelling Shed login.

English

This week, some writing activities ideas are:

- Complete any pieces of writing, which have not been completed from Sheet 2.
- Write a letter to a key worker, explaining why you think they are doing a great job in keeping people safe and healthy.
- As Year 5's next topic would have been 'Time Traveller', children could design their own time machine and then write a descriptive piece of writing describing it. Make sure to use all of the figurative language that was mention on sheet 2.
- Write a postcard from a place in the world, which you would love to be right now. Explain where you are, what you have been doing and what you will be doing next. Make it as adventurous & imaginative as you can.
- A great pack for Y5 creative writing ideas:
[file:///mb8062167-03/staffdata\\$/AVCCockerill/Downloads/Year-5-Creative-Writing-Pack.pdf](file:///mb8062167-03/staffdata$/AVCCockerill/Downloads/Year-5-Creative-Writing-Pack.pdf)
- A variety of templates can be found and downloaded from Twinkl. Go to: www.twinkl.co.uk/offer and enter the code **UKTWINKLHELPS**

Science

The next part of science that Y5 were due to cover was Properties and changes of materials. There is a great PowerPoint/resource pack on Twinkl, which explains all about it. Copy & paste:

<https://www.twinkl.co.uk/resource/tp2-s-103-planit-science-year-5-properties-and-changes-of-materials-lesson-1-properties-of-and-materials-lesson-pack>

- There is a great sorting experiment involved, as a way of introducing children to the vocabulary used to describe the properties of different types of materials.
