Challenge a grown-up to solve it!</p> 	<p>Imagine a common domestic animal became an inhabitant of the Arctic or Antarctic.</p> <p>How would it have to adapt to survive there? Longer, thicker hair? What else?</p> <p>Rename your common animal with a more exciting 'polar' name!</p>
<p>Your own idea! Be as creative as you want.</p>	<p>Find out what natural resources and raw materials are reaped from the Arctic. What impact does this have on the environment?</p>	<p>Imagine that Earth has entered another Ice Age. Write a diary or newspaper report describing the changes and how the human race has adapted to cope.</p>	<p>Find out all about an animal that is threatened with extinction in the Arctic or Antarctic.</p>
<p>Make a model of your favourite Arctic animal using clay, dough or recycled materials. Bring it into school and explain how you made it.</p>	<p>Make 'iced jewels'. Mix powder paints and dyes into water, in an array of colours. Pour into an ice cube tray before freezing overnight. Pop the cubes out and explore your iced jewels. What happens if you sprinkle salt on the cubes?</p>	<p>Help a sibling with their homework.</p> 	<p>Design a pair of snow boots for an Arctic explorer. What materials would you use? What features could they have? Let your imagination run wild!</p>

Please complete **at least one** task over the half term. Bring your work in as soon as you can so we can marvel at your creations and pop them on display. Feel free to take photographs too and send them in on Class Dojo. If you think of your own ideas that aren't listed above, that's great! You can also help a sibling with a project homework task. Tasks can be completed in a variety of ways - be as creative as you want!
